

LRP VECTOR X11 SPEC STOCK MOTORS **ROAR APPROVED!**

The new VECTOR X11 Stock Spec motor is tailor-made for controlled stock and spec racing!

Color-coded aluminum rings, laser engraving on the tear down, and black shaft and magnet, make identifying this motor and its turns easier than ever!

Performance Features:

- Sintered Neodymium Magnet
- Can be operated with sensor and sensorless speed controls
- New stack for more torque
- New low resistance design
- Hand wound
- New oversized low friction ball bearings
- X11 teardown, dismountable, timeable
- Low resistance multiplayer PCB
- New solder tabs, easy and safe installation
- Sensored technology
- Standard 540 size and weight
- Complies with ROAR rules
